Abu Dabab

We will leave our village for about 40 minutes to reach the beautiful bay of Abu Dabab Bay (equipped beach). This area is rich in corallina, one of the most famous beaches of Marsa Alam. While snorkeling you can admire the Tartaruga, one of the specimens of local fauna who love to have lunch at this Questabaia, just a few meters deep. The guides accompany you snorkeling a few meters away, so you have time to admire them. Return to lunch in the village. Recommended clothing: swimsuit, bath towel, hat and sunscreen, camera

Porto Ghalib (Marsa Mubark)

Shaab Marsa Alam reef also known as Marsa Alam reef. In the inner lagoon on the south side of the reef dolphins can be spotted and caught to swim with them. During the days of calm sea, the guides of the diving center will accompany us along the outside during the snorkeling trip, where the coral formations will give us a fantastic view

Recommended clothing: hat, costume, sunscreen, beach towel, camera
